

If you are considering opening or starting a fitness gym or facility, Bodyonix Bahamas can assist you by designing your floor plan, ordering equipment, training your staff, designing forms, waivers, assessments, marketing strategies and other administrative duties. If you have an existing facility, we can also come in and inspect, advise and help direct you and your team on the best practices, safety / health protocols and standards that all fitness / wellness facilities should be abreast of and follow.

Bodyonix Bahamas has the passion for fitness and wellness, new innovative ideas and proactive programs that we are sure will enhance your facility, staff and the future development of your facility. Let us partner with you in taking your dream to the apex of its potential.
